Dear Students,

Our School magazine is one of the best tools for sharpening your reading and writing skills. It's not just for sharing news; it's a fantastic resource that can help you become a better reader and a more confident writer.

Understand how the School Magazine Can Help You Read and Write Better:

Improve Comprehension and Interest: Our magazine features articles, stories, and poems written by your friends and teachers from various grades. Reading these exposes you to different writing styles, perspectives, and vocabulary, which naturally expands your imagination and understanding

Boost Vocabulary: You'll encounter new words in context within the articles. Make it a habit to look up any unfamiliar words, and try using them in your own conversations or writing. The best way to become a good writer is to write! Our school magazine is always looking for contributions. Whether it's a short story, an opinion piece, a poem, or a report on an event, submitting your work gives you valuable practice.

Stay Informed & Inspired: Reading about what's happening in our school community keeps you informed and can even inspire you. This makes reading a more enjoyable and purposeful activity. If you submit an article, you might get feedback from the Friends/editorial team. This is an incredible opportunity to learn what works well in your writing and where you can improve.

By actively engaging with our school magazine, you're not just supporting a great school initiative; you're also making a smart investment in your own reading and writing skills, which are crucial for success in everything you do! AS A MOTHER, SO AS TEACHER

**DO YOU ALL LOVE YOUR MOTHER?
YES, I DO!**

Ammi, Mom, Amma are the most wonderful words given to a beautiful soul. It is a common saying that God couldn't be present everywhere so he created mother.

Importance of mother

The role of a mother is not just raising a child but she teaches the child the basic of culture, behaviour and other essential aspects of life.

When I look back into my life since my birth, I played different roles as a loving daughter, a care taking mother, a devoted wife and of course I think a good teacher too.

No doubt many mothers are not just homemakers nowadays. They are job holders too. This makes them more responsible not only towards their family but also

towards society. Handling both duties at a time doesn't make them any less of good moms. Their concern towards their passion and dreams and their household duties never make them tiresome at any age.

Conclusion: Always love your parents, respect and obey them, speak politely with them. Never hurt their feelings.

-Farheen, Teacher

THE COW AND A LION

Four cows lived in a forest. They were good friends and they lived together happily. The cows

used to enjoy fresh grass. A lion was also there in the same forest. It was thinking of killing the cows. But it was never successful as the cows were always together.

One day the cows fought with each other and they started eating at

different places. The lion noticed that and killed one by one.

THE PRE-PRIMARY SECTION

A DAY IN MY SCHOOL

Every day of my learning at school is filled with excitement where teachers fill our learning with curiosity and fun.

In class, I engage with subject like Maths, Science and languages, gaining knowledge and insights. Beyond academics, I enjoy lab sessions where experiments bring theories to life. The library is another favourite spot of learning, giving access to a vast array of books and supporting resources.

What make learning even more engaging is the visual explanations provided for each lesson. This approach helps me to grasp complex concepts more easily and retain information better.

When it's time to get moving we head to the school ground for physical activities. That is the time of relaxation, team building and discipline.

The special occasions like Independence Day and Republic Day will be more vibrant as our assembly turns in to a grand parade. We march proudly showcasing our patriotic spirit. It is an exhilarating experience filling us with national pride and a sense of unity. I take the privilege to represent our Jhansi Laxmibai group as the group captain leading the team of my group members.

Festivals are special part of our school life. We celebrate each occasion with enthusiasm and joy. Coming together as a community to share traditions and cultural heritage reminds a mini Inida within us.

One of the highlights of the year is our "Food Festival" where students showcase their culinary and business skills. It is a celebration of diversity and creativity.

It will be incomplete if I do not mention our "Open House" where we get an opportunity to demonstrate our projects and achievements. Parents and visitors are invited to witness the Open House. The tips by the observers and judges will let to improve ourselves.

My school experience is a perfect blend of education, creativity and fun. It is a place where I not only learn but enjoy it. I feel a change in myself every day that make me feel of growing and moulding myself a responsible citizen.
